Deadline for manuscript
submissions:

16 January 2020

Message from the Guest Editor

The 8th International Conference on Pure and Applied Mathematics (ICPAM 2019) will take place in Brussels, Belgium, during July 22-25, 2019.

International Conference on Pure and Applied Mathematics (ICPAM) was successfully held for last seven years, Paris (2012), Moscow (2013), Madrid (2014), Rome (2015), London (2016), Prague (2017) and Budapest (2018). This remarkable event brings together professors, researchers, scholars and students in the field of Pure and Applied Mathematics making the conference a perfect platform to share experience, foster collaborations across industry and academia, and evaluate emerging technologies across the globe. ICPAM 2019 will include the participation of renowned keynote speakers, oral presentations, posters sessions and technical conferences related to the topics dealt with the Scientific Program as well as social events.

Publication and Indexing: Accepted papers (Registered & Presented) will be published in the International Conference Proceedings which will be archived in the Digital Library and submitted for index by Ei, Scopus, etc.

More please view: <http://icpam.org/>

Editor-in-Chief

Prof. Dr. Sergei D. Odintsov

Message from the Editor-in-Chief

Symmetry is ultimately the most important concept in natural sciences. It is not surprising then that very basic and fundamental research achievements are related to symmetry. For instance, the Nobel Prize in Physics 1979 (Glashow, Salam, Weinberg) was received for a unified symmetry description of electromagnetic and weak interactions, while the Nobel Prize in Physics 2008 (NambuKobayashi-Maskawa) was received for the discovery of the mechanism of spontaneous breaking of symmetry, including CP symmetry. Our journal is named *Symmetry* and it manifests its fundamental role in nature.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: indexed by the Science Citation Index Expanded (Web of Science) [search for "Symmetry-Basel"], Scopus and other databases.

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 14.2 days after submission; acceptance to publication is undertaken in 5.8 days (median values for papers published in this journal in the second half of 2018).
